

# Caterway is proud to introduce a market leading **INSURANCE** policy designed exclusively for Fish & Chip shops

At **Caterway** we've earned our 'Service First' motto by looking after your business needs, so you can concentrate on running your business.

That's why we've teamed up with leading insurance broker **Coversure** to offer what we believe is the best insurance product for Fish & Chip shops currently on the market.

The risks associated with running a busy shop mean that insurance policies need to fully cover all potential losses such as...

- **Public Liability** • **Product and Employers' Liability** • **Money Cover** • **Stock Damage**
- **Business Equipment** • **Business Interruption Cover**

**Coversure** will find you a competitively priced policy with a level of coverage that's second to none.

**But there's more...**every policy arranged through **Coversure** will automatically **INCLUDE** a loss adjuster service.

So, in the event of a major claim, a loss adjuster will be on your premises within 24 hours of you notifying **Coversure**. The loss adjuster will advise on all aspects of a claim, taking the burden away from you and ensuring your claim is fully paid up under the terms of the policy.

At **Caterway**, we strongly believe this is currently the best insurance offering for fish & chip shops on the market.

But don't take our word for it, call **Coversure** on...

**0800 8778 738** or **0115 837 0984**

or by email on...

**caterway@coversure.co.uk**

mention Caterway and let them do a quotation for you.
